PRESIDENT'S MESSAGE • BILL ADAMS

Happy Valentine's Day!

The month of love slid in on a blanket of snow and ice. I'm thrilled the last few days of January are behind us and we can see the driveways, streets and sidewalks. It's nice to be out again.

February 14th is Valentine's Day. The time that Cupid does the love magic. Cupid has a way of aiming the arrows at exactly the right spot. Sometimes that magic needs a little assistance. Now it's time to get back in the shop and over to the club and get on with our stalled projects. We need to finish the gifts for our true love that say you are my everything. Let's give Cupid all the help needed.

Besides your someone special, there are a lot of things to love happening at the club. The Club is a great place to share techniques, exchange ideas and enjoy the camaraderie of turners and friends.

We start the month with Mentors Challenge on the 4th. The Mentors Challenge group will meet three more times in February. The dates will be February 11th, 18th and the 25th. The Mentors Challenge just gets better and better.

Our first Open Turning will be on February the 5th. We have additional Open Turning dates on the 19th and again on the 24th.

We have the second meeting of Women In Turning on February 12th. They have started a Wig Stand project for cancer patients in recovery. Women of the club please come and join with us. Additional participants are VERY welcome.

On Tuesday the 17th we have our regular meeting that is Show & Tell. A perfect time to share the projects that you have been working on. Kind of a Valentines Day of sharing.

An Intermediate Box Project Class is scheduled for Saturday the 21st. In the class you will make a small box with a finial and accent inlay.

There are a lot of Club activities to be a part of. Choose to participation in one or all the activities. Just come out and join us. It will be FUN!

Happy turning,

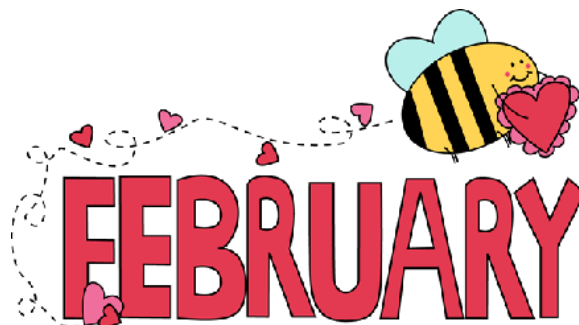

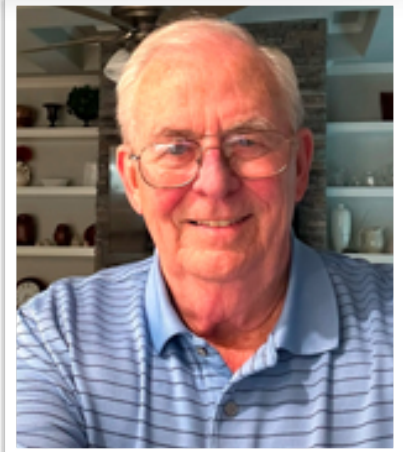

Bill Adams

WOMEN IN TURNING

With the encouragement of our membership, North Eastern Oklahoma Wood Turners Association (NEOWTA) held its inaugural meeting of Women In Turning in January. We started with a pizza

Inaugural meeting for the NEOWTA Women In Turning

dinner for a time of visiting and getting to know one another. After a group photo we began turning wig stands in support of the AAW national initiative. All of our club's eleven lathes were busy with women turners helping cancer patients. Our wig stands will be given to Oklahoma Cancer Specialists and Research Institute's patient wig program. Our WIT group will meet monthly and several members of NEOWTA are turning wig stands to support our WIT chapter and our philanthropic effort.

Robin Carstens is chairing this new venture. If you are interested in joining or just learning more about WIT, please contact Robin at 918-991-5907 or email rcarstens2@gmail.com, or Debbie at 918- 497-6387 or email debcj8@gmail.com.

CHARITABLE GIVING

NEOWTA has had a long history of giving to help others. For many years our club gave to the following: Beads of Courage, for children going fighting major illness, Food Bank of Northeastern Oklahoma Empty Bowl Gala Event, Turning tops for the children at the Tulsa State Fair and Pens for Troops.

Time has changed and we now find ourselves with only Pens for Troops. While this is a great cause, the board of directors feel that we can and should be doing more to help others in our community. I have stepped up to get NEOWTA's charitable giving program revitalized.

We would like to get 3 or 4 items donated every month from members, so that when we have charitable organizations that we wish to support, items can be gathered from our storage and be given to the organizations as needed through the year. Starting with the September meeting, if you turned an item that you would like to donate, please bring it to the meeting and find me. I have a simple form for you to fill out and the item will be stored until we have a charity that we will donate items to their fund raising events.

So far in 2025 our club has donated the following:

Griffin Promise Autism	8 items
Little Light House	4 items
Tulsa Arts Alliance	3 items
Pens for Troops	387 Pens

We currently have one more confirmed organization and two more that I will be talking with shortly.

So let's make an impact on others and come up with some beautiful turned items to donate.

I am looking forward to seeing some donations come in at every meeting.

If you have any questions please email at: president@neowta.com

This directory is for your personal use only. Please do not share this directory with any business or non members.

If you would like to get your photograph in the directory, ask Debbie, Curtis or Arthur to take your photo and we will be glad to include it into the 2026 Directory.

Whether you're new to the lathe or a seasoned pro, the AAW Symposium is your chance to learn, grow, and be inspired. Explore everything from bowls and boxes to hollow forms, surface embellishment, segmented turning, professional tips, and so much more!

Symposium Demonstrators

Mark Gardner *from North Carolina*

Mark has demonstrated for more than 25 years at craft schools, clubs, regional conferences, and multiple AAW Symposiums. His work is inspired by mid-century modern ceramics and African and Oceanic art, pairing simple forms with carved, engraved, and burned surface patterns often highlighted with milk paint.

Yann Marot *from France*

Yann's work is driven by a search for simplicity, expressed through tight curves, clean forms, and thin, tactile surfaces. His work reflects a deep respect for the tree's history and natural movement. He is also passionate about teaching and demonstrating. He joined the Escoulen School in Provence in 2014, and relishes teaching by doing.

Molly Winton *from Washington*

Molly has taught and demonstrated across North America and internationally. She has been deeply involved in the woodturning community, serving on the AAW Board of Directors and multiple committees. A lifelong maker, she later transitioned to pottery, where she now applies carving and surface techniques inspired by her years working in wood.

AAW SYMPOSIUM

Matt Monaco *from Missouri*

Matt's work centers on mastery of form, tool control, sharpening, and cutting technique, creating pieces that balance traditional craft with refined, tactile design. He also teaches and demonstrates nationally, producing small-batch work and fine turnings for private collections while actively supporting hands-on craft education and equity in woodworking.

Mike Mahoney *from California*

A production woodturner since 1988, Mike creates finely crafted functional work sold through retail and wholesale galleries across North America. His career includes exhibitions at major American craft shows and extensive teaching and demonstrating at symposiums worldwide, reaching 48 U.S. states and eight countries. Known for meticulous material selection and flawless execution, his work ranges from salad bowls and platters to hollow forms and urns.

Seri Robinson *from Oregon*

Seri is a professor of wood anatomy at Oregon State University and a woodturner and sculptor specializing in spalted wood. Their work blends scientific research on fungal pigments with artistic expression, resulting in sculptural forms made from highly figured material. Seri has authored several books on spalting and woodturning, contributes regularly to *Fine Woodworking* and *American Woodturner*, and demonstrates internationally.

If you have any questions, contact **Bob Bass** @ 479-445-1277 or email bobbass95@yaoo.com.

Who We Are

We are a chapter of Blue Star Mothers of America, and you can learn more about us through our national organization [here](#).

As mothers of military men and women serving or Veterans who were honorably discharged, we support each other and our children, assisting other VSO's, and our local veterans while promoting patriotism.

We were chartered by Congress on January 6, 1960 and our Congressional charter was updated January 5, 2011.

What We Do

One of our primary missions is to support the deployed members of the United States Armed Forces, *no matter what state they call home*, with care packages from home. These names are supplied to us through the Military Bases or through family, friends (and even through our deployed when they see someone not receiving mail.)

We collect items through community donations for these care packages and accept cash donations to help with shipping and purchases possible. As well, we host many events to help in funding this effort.

MENTORING PROGRAM

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning. Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule. So how does the mentoring program actually work? The program is flexible. Just contact a mentor below and arrange a time and date to meet. Are you a new turner? I want to make sure we meet your needs!

Are you a Beginning Woodturner?
